

EUROPEAN QUARTER SAWN BEECH LAPTOP DESK
with Charging Station Draws
48"w · 18"d · 36"h

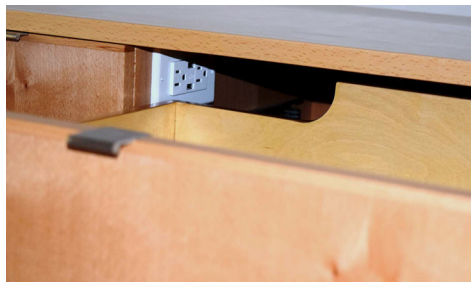

*As featured at
Paula Estey Gallery
Newburyport, MA*

The pleasing mid-century modern look lends its use as a side table or occasional laptop desk.

The imperfections in the Beech plywood offered an opportunity for me to create a beautiful piece of functional furniture that offers not only beauty and function, but a "one of a kind" visual experience.

The side drawers can be used as storage and charging of electronics.

Right drawer for charging peripherals

Left drawer for charging laptop computer
